On the back of a solid pedigree and a strong nucleus of core strengths...

The company in profile

OMTRAX Packaging Solutions Ltd. is a Joint Venture company with Tradia Corporation, Japan, specializing in all kinds of packaging solutions, including end-of-the-line packaging, and armed with complete household removal expertise.

An associate company of the reputed Om Group, it was set up on 1st September 2007 to meet the growing demand for export and import packaging in line with the developments in the market scenario.

Equipped with state-of-the-art technology and a wide range of the latest hi-tech gadgets to give a cutting edge to its services, OMTRAX provides globally approved and accepted corrugated pallets/boxes.

Stringent adherence to ISO/TS standards with respect to packaging in every country of its presence is a core competency of the company, which is committed to maintaining superior quality standards across its full range of services.

Committed to environment preservation, OMTRAX utilizes reusable plastic bins and bags instead of wood for packaging. An associate member of International Association of Movers Inc (IAM), OMTRAX deals in Industrial Packaging, Domestic & International Relocation (Household & Commercial), Heavy Machinery Handling, HDPE/PP Fabric Sheets/Bags and Metal Goods Manufacturing, etc.

A word about Tradia Corporation

Japan-based Tradia Corporation provides a transport service that is fundamentally based on people. As an integrated transport corporation, Tradia goes beyond the traditional industry model of a company that simply handles shipping, delivery, storage and customs, to provide optimal logistics solutions through both, advanced distribution functions and networks, based on many years of knowhow, and IT technology.

Tradia provides analysis and optimization of existing transport systems, stock management and delivery planning, in addition to everything from the handling of import-export cargo, project cargo and cross trade.

Our pedigree

Chaired by Mr. Ajay Singhal, with extensive hardcore industrial experience of 25 years, Om Group is a Rs. 450 crore entity engaged in the business of providing innovative and value-added solutions for Indian corporates and multinationals. As the fastest growing Supply Chain Management company in the Indian sub-continent, Om Group is a leading manager in the efficient handling of Surface, Sea, Express, Train and Air Cargo services.

Incepted in the early 1980s, the Group, which is ISO 9001:2000 certified and IATA-approved, moved into logistics and supply chain services in 1984 through the incorporation of Om Logistics Ltd. The firm associated with Maruti Udyog Ltd., and subsequently with Bajaj Auto Ltd., to provide high-end logistics services.

In the nineties, the Group forayed into a new venture, 'Om Auto Carriers', established with a fleet of 15 vehicles and 30 employees. Further expansion took place in 1995 through the establishment of 'Om Air Freight' to cater to the growing needs of the Air Cargo segment.

In order to consolidate various logistics and other services related to supply chain management, Mr. Ajay Singhal promoted 'Om Logistics Ltd.' to provide comprehensive logistics services under one banner. To meet the growing demand in the market, and in line with the developments in the transportation sector, Om Logistics Ltd. is engaged in offering conventional and express cargo services.

It's the only leading multi-modal logistics company with single window integrated logistics services for all the elements of supply chain management in India. The company pioneered 3PL with specific focus on inbound cargo for OEM, with permutations and combinations of Just in Time and Direct Online deliveries.

Today, Om Group, with various services under one roof, is among the most reliable Indian carriers with a vision to re-engineer the total science of movement by moving men and material to its destination on-time and in cost-effective manner.

Om Group has a wide portfolio of operations, functioning through seven associated concerns:

- Om Logistics Ltd.
- OMTRAX Packaging Solutions Ltd.
- OMX (Express Division of Om Logistics Ltd.)
- Om Telecom Logistics Pvt. Ltd.
- OMX Info Management Pvt. Ltd. (Record & Data Management Division of Om Group)

Our core competencies

We believe in giving you the best at all times

Striving to ensure total customer satisfaction through customized, end-to-end solutions.

Based on a service-oriented, customer-centric philosophy...

What we aim for

Our aim is to provide the best of services at reliable and competitive costs by applying proper skills and procuring best quality of raw materials to pack the goods.

What we strive for

Our objective is to serve and delight customers by meeting their specified requirements in packaging and home shifting through supply of superior quality of material and services.

Our Mission

To be a total packaging and household shifting services provider for the Indian subcontinent as well as multinational companies, associating with customers to provide better solutions and standardization of packaging tools with innovations.

We are well equipped to handle your needs

Delivering service excellence built on our infrastructural strengths.

Operating through the most flawless of systems with the best of men and machinery...
